To

His Highness the Ma

Sir,

I have the honor to state that there are only 4 Conservancy carts employed by the Municipality, to remove the rubbish and clean the drains. By these one is being used, for the purpose of carting away the manure collected in the drain lines, one for removing the rubbish in the Agraharas Sheet and Arulapet, while the two

two others are used for removing the night-soil from the Latrines and carting water for cleaning the drains.

Now that owing to the recrudescence of plague during the current year the town has been evacuated and the houses are being disinfected in order to allow the people to reoccupy their houses, one more conservancy Cart is found necessary to remove the refuse and other rubbish collected in the Town and the Board accordingly resolved in their meeting held on the 27th ultimo to employ one more Cart temporarily till the end of May next.

A copy of the Board's resolution on the subject is enclosed for favour of reference, and orders have accordingly been issued to employ an additional Cart from the 10th instant.

I request, therefore, that you will be so good as to

to obtain the sanction of Govern-
ment to the establishment of one
more Conservancy Cart till the end
of May next at Rs 16/- per mensem

The additional charge in question
can be met from the Savings
under the head "Conservancy" in
the current year's Budget of the
Hassan Town Municipality.

I have the honor to be,
Sir,
Your most obedient Serv.
